

DAR ES SALAAM TEXTILE MILLS LIMITED
FINANCIAL STATEMENTS
For the Year ended 30th June, 2014

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed statement of financial position of **Dar Es Salaam Textile Mills Limited** ("the Company") as at June 30, 2014 and the related condensed statement of comprehensive income, statement of cash flows and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that—

- (a) As stated in note 2.3 and 35 to the financial statements, the Company could not make timely repayments of principal and interest / mark-up related to long term debts and as at reporting date certain financial and other covenants imposed by the lenders could not be complied with. International Accounting Standard on Presentation of financial statements (IAS-1) requires that if an entity breaches a provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand, it should classify the liability as current. In these financial statements the long term debts have continued to be classified as long term according to the individual loan repayment schedules. Had these liabilities been classified as per IAS - 1, current liabilities of the Company would have increased by Rs. 31.993 million as at the reporting date.
- (b) in our opinion, proper books of accounts have been kept by the Company as required by the Companies Ordinance, 1984;
- (c) in our opinion:
 - i) the statement of financial position and condensed statement of comprehensive income together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of accounts and are further in accordance with accounting policies consistently applied except for the changes as stated in note 3 which we concur;
 - ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;

UHY

- (d) In our opinion, except for the effect, if any, of the matter referred to in paragraph (a) above, and to the best of our information and according to the explanations given to us, the statement of financial position, condensed statement of comprehensive income, statement of cash flows and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan and give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2014 and of the loss, its cash flows and changes in equity for the year then ended; and
- (e) in our opinion, no Zakat was deductible at source under the Zakat and Usher Ordinance, 1980 (XVIII of 1980).

Without qualifying our opinion, we draw attention to note 2.2 in the financial statements, the Company during the year suffered gross loss of Rs. 120.100 million and net loss, after tax, of Rs. 110.228 million. Substantial losses over the years have resulted into accumulated losses of Rs. 313.581 million as on June 30, 2014. Further, on closing date the current liabilities of the Company exceeded over current assets by Rs. 448.638 million. These conditions, along with other matters as set forth in note 2.2, indicate the existence of a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business.

**REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE
WITH BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE**

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance for the year ended 30 June 2014, prepared by the Board of Directors of Dar Es Salaam Textile Mills Limited ("the Company") to comply with the Listing Regulation No.35 of Karachi and Lahore Stock Exchanges, where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control system sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal controls covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

Further, sub-regulation (x) of Listing Regulation No. 35 of Karachi and Lahore Stock Exchanges requires the Company to place before the Board of Directors for their consideration and approval of related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, except for the orientation courses of directors which were not conducted as explained in paragraph 9 of the Statement of Compliance, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2014.

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

1 Reporting entity

Dar Es Salaam Textile Mills Limited ("the Company") was incorporated in Pakistan on September 28, 1989 as public unlisted company under the Companies Ordinance, 1984 and was subsequently listed on the Karachi and Lahore Stock Exchanges in 1991. The registered office of the Company is situated at 63-B-I, Gulberg III, Lahore. The principal activity of the Company is to manufacture and sale of yarn.

2 Basis of preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan and the requirements of the Companies Ordinance, 1984. Approved Accounting Standards comprise of such International Accounting Standards as notified under the provisions of the Companies Ordinance, 1984. Wherever, the requirements of the Companies Ordinance, 1984 or the directives issued by the Securities and Exchange Commission of Pakistan differ with the requirements of these standards, the requirements of the Companies Ordinance, 1984 or the requirements of the said directives take precedence.

2.2 Going concern assumption

The Company, in previous years as well as in current year, also faced operational issues like shut down of electricity due to heavy rain storm which resulted in fall of electric poles, and shortage of gas supplies due to which the Company has incurred loss before tax of Rs.123.246 million (2013: Rs.36.681 million) and has accumulated losses amounting to Rs.313.581 million at the year end. In addition, the Company's current liabilities exceeded its current assets by Rs.448.638 million (2013: Rs.301.072 million) at the year end. The Company has not been able to meet its various obligations for long term loans and short term borrowings.

These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Company's ability to continue as a going concern and therefore it may be unable to realize its assets and discharge its liabilities in the normal course of business.

The Company is confident that it will continue to be supported by the sponsors, the lenders and also be able to reschedule remaining of its existing over-due borrowings as well.

The financial statements have been prepared on a going concern basis based on management's expectation that:

- the Company will continue to get support of sponsors;
- the Company will continue to get support of its lenders and will be able to obtain relaxation in payment terms of its over-due borrowings; and
- the Company will be able to generate adequate liquidity through new short term borrowings and will be successful in utilising such funds to increase its operations and achieve its budgeted targets for production of yarn.

The financial statements have been prepared on going concern basis on the grounds that the Company will be able to achieve satisfactory levels of profitability in the future based on the plans drawn up by the management for this purpose and bringing its liabilities to serviceable level and availability of adequate working capital through support from sponsors.

The financial statements consequently do not include any adjustment relating to the realization of the assets and liquidation of its liabilities that might be necessary would the Company be unable to continue as a going concern.

UKM

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

2.3 Financial liabilities

The Company could not make timely repayments of principal and interest / mark-up related to long term debts as referred to in Note 35. Further, as at the reporting date, the Company could not comply with certain financial and other covenants imposed by the lenders. As per the agreed terms of long term debts the lenders have unconditional right to call the loans if timely repayments are not made or covenants are not complied with. International Accounting Standard on Presentation of financial statements (IAS - 1) requires that if an entity breaches a provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand, it should classify the liability as current.

However, the long term debts in the amount of Rs. 31.993 million have continued to be classified as long term as per the repayment schedules in these financial statements as the management considers that event of default was not declared by the lenders at the reporting date.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The area involving a higher degree of judgments or complexity or areas where assumptions and estimates are significant to the financial statements are as follows:

- a. Property, plant and equipment-(note 6)
- b. Taxation-(note 31)
- c. Defined benefit plan-(note 19)

2.5 Basis of measurement

These financial statements have been prepared under the historical cost convention except for recognition of certain staff retirement benefits at present value as stated in note 3 (b) and revaluation of certain fixed assets referred to note 5.6 of the financial statements.

3 Change in accounting policies

Except for the changes below, the Company has consistently applied the accounting policies as set out in note 4 to all the periods presented in these financial statements. The Company has adopted the following new standards and amendments to standards, including any consequential amendments to other standards, with the date of initial application of 01 July, 2013:

- Presentation of items of "Other Comprehensive Income" (Amendments to IAS 1) (See (a))
- IAS 19 "Employee Benefits" (See (b))

The nature and the effect of the changes are further explained below:

UNM

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

a) Presentation of items of other comprehensive income

As a result of the amendments to IAS 1, the Company now presents items of other comprehensive income in its statement of other comprehensive income, to present separately items that would be reclassified to profit or loss in the future from those that would never be.

The adoption of the amendment to IAS 1 has no impact on the recognised assets, liabilities and comprehensive income of the Company.

b) Defined benefit plans

As a result of IAS 19 (2011), the Company has changed its accounting policy with respect to the basis for determining the income or expense related to post employment defined benefit plans.

Under IAS 19, the Company determines the net interest expense (income) for the year on the net defined benefit liability (asset) by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the net defined benefit liability (asset) at the beginning of the annual period, taking into account any changes in the net defined benefit liability (asset) during the year as a result of contributions and benefit payments. Consequently, the net interest on the net defined benefit liability (asset) now comprises:

- Interest cost on the defined benefit obligation;
- Interest income on plan assets; and
- Interest on the effect on the asset ceiling.

Previously, the Company determined interest income on plan assets based on their long term rate of expected

All the changes in present value of defined benefit obligation are now recognized in the statement of comprehensive income and the past service costs are recognized in profit and loss account, immediately in the

The change in accounting policy has been applied retrospectively. The effect of the change is as follows:

2013		2012	
Previously reported	Restated	Previously reported	Restated

----- Rupees -----

Statement of financial position

Accumulated losses	280,219,124	290,420,202	283,399,969	293,601,047
Retirement benefits	6,949,397	17,150,475	5,042,127	15,243,205

4 Initial application of new standards, interpretations or amendments to existing standards and forthcoming requirements

4.1 Standards, amendments or interpretations which became effective during the year

During the year certain amendments to standards or new interpretations became effective, however, the amendments or interpretation did not have any material effect on the financial statements of the Company except as mentioned in Note 3.

JHT

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

4.2 New accounting standards and IFRIC interpretations that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 01 July 2014:

- IFRIC 21- Levies 'an Interpretation on the accounting for levies imposed by governments' (effective for annual periods beginning on or after 1 January 2014). The Interpretation clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy. The interpretation is not likely to have an impact on Company's financial statements.
- Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32) – (effective for annual periods beginning on or after 1 January 2014). The amendments address inconsistencies in current practice when applying the offsetting criteria in IAS 32 Financial Instruments: Presentation. The amendments clarify the meaning of 'currently has a legally enforceable right of set-off'; and that some gross settlement systems may be considered equivalent to net settlement. The amendments are not likely to have an impact on Company's financial statements.
- Amendment to IAS 36 "Impairment of Assets" Recoverable Amount Disclosures for Non-Financial Assets (effective for annual periods beginning on or after 1 January 2014). These narrow-scope amendments to IAS 36 Impairment of Assets address the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.
- Amendments to IAS 39 "Financial Instruments: Recognition and Measurement" Continuing hedge accounting after derivative novation (effective for annual periods beginning on or after 1 January 2014). The amendments add a limited exception to IAS 39, to provide relief from discontinuing an existing hedging relationship when a novation that was not contemplated in the original hedging documentation meets specific criteria.
- Amendments to IAS 19 "Employee Benefits" Employee contributions – a practical approach (effective for annual periods beginning on or after 1 July 2014). The practical expedient addresses an issue that arose when amendments were made in 2011 to the previous pension accounting requirements. The amendments introduce a relief that will reduce the complexity and burden of accounting for certain contributions from employees or third parties. The amendments are relevant only to defined benefit plans that involve contributions from employees or third parties meeting certain criteria.
- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after 1 January 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortisation methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have an impact on Company's financial statements.

UHM

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

- IFRS 10 'Consolidated Financial Statements' – (effective for annual periods beginning on or after 1 January 2015) replaces the part of IAS 27 'Consolidated and Separate Financial Statements'. IFRS 10 introduces a new approach to determining which investees should be consolidated. The single model to be applied in the control analysis requires that an investor controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. IFRS 10 has made consequential changes to IAS 27 which is now called 'Separate Financial Statements' and will deal with only separate financial statements.
- IFRS 12 'Disclosure of Interest in Other Entities' (effective for annual periods beginning on or after 1 January 2015) combines the disclosure requirements for entities that have interests in subsidiaries, joint arrangements (i.e. joint operations or joint ventures), associates and/or unconsolidated structured entities, into one place.
- IFRS 13 'Fair Value Measurement' effective for annual periods beginning on or after 1 January 2015) defines fair value, establishes a framework for measuring fair value and sets out disclosure requirements for fair value measurements. IFRS 13 explains how to measure fair value when it is required by other IFRSs. It does not introduce new fair value measurements, nor does it eliminate the practicability exceptions to fair value measurements that currently exist in certain standards.
- Amendment to IAS 27 'Separate Financial Statement' (effective for annual periods beginning on or after 1 January 2016). The amendments to IAS 27 will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after 1 January 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self-constructed items of property, plant and equipment during construction.

5 Significant accounting policies

5.1 Borrowings

Loans and borrowings are recorded at the proceeds received. Financial charges are accounted for on accrual basis and included in mark-up payable.

All mark-ups, interest and other charges on long term and short term borrowings are charged to profit in the period in which they are incurred.

Exchange gain or loss arising in respect of foreign currency is covered under provision of SBP FE. Circular No 25 dated 20th June 1998.

UHM

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

5.2 Staff retirement benefits

Defined contribution plan

The Company has an approved contributory Provident Fund Scheme for its employees. The Company and the employees both make monthly equal contribution as per Provident Fund Rules. The Company implemented Funded Gratuity Scheme for all the employees in place of Provident Fund effective July 01, 2008 however, executives are continued to remain in contributory Provident Fund Scheme.

5.3 Trade and other payables

Liabilities for trade and other payables are carried at cost, which is the fair value of the consideration to be paid in future for goods and services received whether or not billed to the Company.

5.4 Provisions

Provision is recognized in the balance sheet when the company has a legal or constructive obligation as a result of past event, and it is probable that an outflow of resource embodying economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

5.5 Contingencies and commitments

Contingencies and commitments are recognized only when they become due.

5.6 Fixed assets

Operating fixed assets

Property, plant and equipment (except freehold land, buildings on freehold land and plant & machinery) are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land, buildings on freehold land and plant & machinery are stated at revalued amounts less accumulated depreciation and impairment losses, if any.

Surplus on revaluation of property, plant and equipment is credited to the surplus on revaluation account. To the extent of the incremental depreciation charged on the revalued assets the related surplus on revaluation of property, plant and equipment (net of deferred taxation) is transferred directly to unappropriated profit.

Cost of assets includes purchase price and other incidental expenses incurred up to the date of operation.

Depreciation is calculated on reducing balance method at the rates specified in note 6.1 to the financial statements. Depreciation on additions is charged from the date when the asset is available for use and on deletions up to the date when the assets is derecognized.

The carrying amount of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment / reversal of previous impairment. If such indication exists, the recoverable amount is estimated and loss / reversal of previous loss are recognized. Impairment loss or its reversal, if any, is charged to the income. Where an impairment loss is recognized the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Maintenance and normal repairs are charged to income as and when incurred while major repairs and improvements are capitalized. Gain or loss on disposal of assets is included in the current year income.

Capital work in progress

Capital work in progress is stated at cost less any identified impairment loss.

044

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

Intangible assets

Intangible assets are stated at cost and amortized over a period of useful life of the assets.

5.7 Finance lease

Assets subject to finance lease are stated at fair value of the leased assets at inception of the lease or, if lower at the present value of minimum lease payments. Depreciation is charged at the rates and basis applicable to owned assets.

The outstanding obligations under finance lease less finance charges allocated to future periods are shown as liability. The finance charges are calculated at the rates implicit in the leases and were charged to profit and loss account for the year.

5.8 Stores and spares

These are valued at lower of cost and net realizable value. The cost is calculated according to moving average method. Stores in transit are valued at invoice value including other charges, if any, incurred thereon.

5.9 Stock-in-trade

Stock-in-trade is valued at the lower of weighted average cost and estimated net realizable value.

Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realizable value signifies the estimated selling price in the ordinary course of business less net estimated costs of completion and selling expenses.

5.10 Trade debts

Receivables are carried at original invoiced amount less an estimated provision for doubtful receivables based on review of outstanding amount at the year-end. Known bad debts are written off against profit and loss account.

5.11 Revenue recognition

Revenue is recognized on the dispatch of goods to the customers.

Return on deposits is accrued on a time basis by reference to the principal outstanding and the applicable rate of return.

5.12 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset is capitalized. All other borrowing costs are charged against income as and when

5.13 Taxation

Current

The charge for the current taxation for the year is based on taxable income at the current rate of taxation after taking into account tax credits, tax rebates and other allowances available for set off, if any in accordance with the provisions of Income Tax Ordinance 2001.

Deferred

Deferred tax is provided in full using the balance sheet liability method on all temporary differences arising at the balance sheet date, between the tax bases of the assets and liabilities and their carrying amounts.

UNM

Dar Es Salaam Textile Mills Limited

Notes to the Financial Statements

For the year ended June 30, 2014

Deferred tax liabilities are recognized for all taxable temporary differences.

Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized. Carrying amount of all deferred tax assets is reviewed at each balance sheet date and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Deferred tax asset and liability is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

5.14 Foreign currencies

Transactions in foreign currencies are translated into rupees at the rates of exchange approximating those prevailing at the dates of transactions. Assets and liabilities in foreign currencies are translated into rupees at the rates of exchange approximating those prevailing at the balance sheet date. Exchange gains and losses are included in profit and loss account currently.

5.15 Cash and cash equivalent

Cash and cash equivalents comprise of cash in hand and current or deposit accounts held with banks. Running finance facilities, if any, availed by the Company, which are payable on demand and form an integral part of the Company's cash management are included as part of cash and cash equivalents for the purpose of statement of cash flows.

5.16 Financial assets and liabilities

Financial assets and liabilities are recognized when the Company becomes a part to the contractual provision of the instrument. The particular measurement methods adopted are disclosed in the individual policy statement associated with each item. Any gain or loss on subsequent measurement is charged to income.

5.17 Off setting

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legally enforceable right to set off and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

5.18 Related party transactions

All transactions with related parties and associated undertakings are entered into arm's length prices determined in accordance with comparable uncontrolled pricing method as approved by the Board of Directors.

5.19 Dividend and reserves

Dividend is recognized as a liability in the period in which it is declared.

Similarly an appropriation to reserves is recognized in the period in which it is appropriated.

Notes to the Financial Statements

For the year ended June 30, 2014

21 Contingencies and commitments

21.1 Contingencies

21.1.1 In 2005, the department has not given credit of tax deducted on exports u/s 154 amounting to Rs. 6,617,590 and Rs. 4,250,270 against minimum tax liability under reference for the tax year ended 2004 and 2005 respectively. The Company filed an appeal against the orders of the department issued under section 122 of the Income Tax Ordinance, 2001 before Commissioner Inland Revenue (Appeal) but the plea was rejected. The Company being aggrieved filed an appeal before Appellate Tribunal Inland Revenue which is pending for hearing. The management is very much positive that the case will be settled in the Company's favour in light of previous cases settled by the High Court in favour of the Company.

21.1.2 Return for the tax year 2008 was filed declaring taxable loss of Rs. 36,672,658 for the year. The assessment u/s 122 of the Income Tax Ordinance, 2001 was finalized by the department resulting taxable income of Rs. 60,530,080 and computed net tax payable amounting to Rs. 19,130,819. However, the Company had filed an appeal before Commissioner Inland Revenue (Appeal) on the basis of legal grounds as well as on the merits of the case. The legal ground constitutes that the order passed by the department was illegal being barred by the limitation of time and the management is very positive that the case will be settled in favour of the Company in appellate forum on the basis of precedents available from Income Tax Appellate Tribunal and Lahore High Court decisions, and resulting liabilities will be nullified and taxable loss will be restored.

21.1.3 The tax department issued notice amounting to Rs.1,282,588 relating to crest case of different yarn parties, the Company appealed to the Commissioner Inland Revenue (Appeals) for re-assessment on merit as the Company has provided all the required documents and record to tax authorities, the case was sent back in appeal to the Commissioner Inland Revenue for re-assessment. The management is hopeful that such liability will be withdrawn by tax authorities in favour of the Company.

21.1.4 The SNGPL levied surcharge amounting to Rs.8,213,847 under Gas Infrastructure Development Surcharge on industrial undertakings. Later the Lahore High Court has nulled the order and resulting levied surcharge. The Government of Pakistan has filled an appeal in the Supreme Court of Pakistan and case is pending till reporting date.

21.2 Commitments

21.2.1 Letter of credit amounting to Nil (2013: Rs. 1,990,965).

21.2.2 Letter of guarantee issued in favour of SNGPL amounting to Rs. 14.906 million (2013: Rs. 14.906 millions).

22 Share capital

	2014 Rupees	2013 Rupees
22.1 Issued, subscribed and paid-up:

The Company has exposures to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

Credit risk and concentration of credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties fail completely to perform as contracted.

U144

Credit risk from cash and cash equivalents, derivative financial instruments and deposits with banks and financial institution, as well as credit exposures to customers, including trade receivables and committed transactions. Out of total financial assets of Rs. 23.942 million (2013: Rs. 77.54 million), the financial assets that are subject to credit risk amounted to Rs. 16.849 million (2013: Rs.71.54 million).

For trade receivable, internal risk assessments process determines the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal and external ratings in accordance with the limits set by the management. The utilization of credit limit is regularly monitored. Accordingly, the credit risk is minimal and the company also believes that it is not exposed to major concentration of credit risk.

Concentration of the credit risk arises when the number of counter parties engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligation to be similarly effected by the changes in economic, political or other conditions. The company believes that it is not exposed to major concentration risk.

The carrying amount of the financial assets represents the maximum credit exposure before any credit enhancements. The maximum exposure to credit risk at the reporting date is:

	2014 Rupees	2013 Rupees
Trade debts		
Advances, deposits, prepayments and other receivables	6,211,739	46,661,858
Cash and bank balances	8,988,283	23,532,767
	<u>7,092,851</u>	<u>6,001,204</u>
	<u>22,292,873</u>	<u>76,195,829</u>

The maximum exposure to credit risk for trade debts at the balance sheet date by geographical region is as follows.

Due from foreign customers
Due from local customers

-	-
<u>6,211,739</u>	<u>46,661,858</u>
<u>6,211,739</u>	<u>46,661,858</u>

Foreign customers are situated in China.

The maximum exposure to credit risk for trade debts at the balance sheet date by type of customer is as follows.

Yarn
Waste

6,211,739	46,661,858
-	-
<u>6,211,739</u>	<u>46,661,858</u>

The aging of trade debts at the reporting date is :

Past due	0- 30 days		
Past due	31- 60 days	4,720,922	35,463,012
Past due	61-90 days	1,055,996	7,932,516
Past due	91- 120 days	248,470	1,866,474
Past due	121 days or more	62,117	466,619
		124,235	933,237
		<u>6,211,740</u>	<u>46,661,858</u>

No provision for doubtful debt has been made during the year for local and foreign customers.

Liquidity risk

The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

UHY

However, the Company, during the year faced operational issues due to revamp of existing plant and machinery and extended gas load shedding from SNGPL. As a result, the Company is facing a liquidity shortfall due to which it was unable to meet its obligations in respect of various debt finances. The details are as follows:

Name of bank	Principle	Mark-up	Total
	Rupees		
Bank of Punjab	14,900,000	2,227,368	17,127,368
United Bank Limited (NIDF-V)	14,959,062	943,369	15,902,431
United Bank Limited (NIDF-VI)	20,000,000	1,267,740	21,267,740
National Bank of Pakistan	78,749,958	10,640,749	89,390,707
Silk Bank Limited (FIM swap)	9,406,527	1,670,787	11,077,314
National Bank of Pakistan (CI swap)	15,976,000	2,266,711	18,242,711
National Bank of Pakistan (Frozen mark-up)	4,548,000	-	4,548,000
	<u>158,539,547</u>	<u>19,016,724</u>	<u>177,556,271</u>

Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will effect the Company's income or the value of its holdings of financial instruments.

Currency risk

The Company is exposed to currency risk on export of goods denominated in US dollars. The Company's exposure to foreign currency risk for US Dollars is as follows:

	2014 Rupees	2013 Rupees
Foreign debtors	-	-
Gross balance sheet exposure	-	-
Letters of credit	-	1,990,965
Net exposure	<u>-</u>	<u>1,990,965</u>

The following significant exchange rate has been applied:

	Average rate		Reporting date rate	
	2014	2013	2014	2013
<i>Financial assets</i>				
USD to PKR	98.63	96.28	98.50	98.75
<i>Financial liabilities</i>				
USD to PKR	98.85	96.47	98.75	98.94

Sensitivity analysis

5% strengthening of Pak Rupee against the above currencies at June 30, would have increased / (decreased) equity and profit and loss by the amount shown below. The analysis assumes that all other variables, in particular interest rates, remain constant. 5% weakening of Pak Rupee against the above currencies at periods ends would have had the equal but opposites effect on the above currencies to the amount shown below, on the basis that all other variables remain constant.

	2014	2013
Effect on profit or loss	<u>-</u>	<u>(398,193)</u>

The sensitivity analysis prepared is not necessarily indicative of the effects on (loss) / profit for the year and assets / liabilities of the Company.

UHY

Interest rate risk

At the reporting date the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

Effective interest rate		Carrying amount	
2014	2013	2014	2013
Percentage	Percentage	Rupees	Rupees

Financial liabilities

Variable rate instruments

Long term loans	10.0% to 13.50%	10.0% to 13.50%	158,539,547	184,703,620
Short term borrowings	10.0% to 13.50%	10.0% to 13.50%	172,720,669	208,354,783

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have decreased / (increased) loss for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2013.

	Profit and loss 100 bp	
	Increase	decrease
As at 30 June 2014		
Cash flow sensitivity-Variable rate financial liabilities	(398,630)	398,630
As at 30 June 2013		
Cash flow sensitivity-Variable rate financial liabilities	(502,456)	502,456

The sensitivity analysis prepared is not necessarily indicative of the effects on loss for the year and assets / liabilities of the Company.

Fair value of financial instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Capital risk management

The company's objectives when managing capital are to safeguard the entity's ability to continue as a going concern, so that it can continue to provide adequate returns for shareholders and benefits for other stakeholders; and to maintain a strong capital base to support the sustained development of its businesses. The Company manages its capital structure which comprises capital and reserves by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, appropriation of amounts to capital reserves or/and issue new shares.

Consistent with others in the industry, the Company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectations of the shareholders. Debt is calculated as total borrowings ("long term loan" and "short term borrowings" as shown in the balance sheet). Total capital comprises shareholders' equity as shown in the balance sheet under "share capital and reserves".

The salient information relation to capital risk management of the Company as of June 30, 2014 and June 30, 2013 were as follows:

	2014	2013
	Rupees	Rupees
Total borrowings	331,260,216	393,058,403
Less: Cash and cash equivalents	(7,092,851)	(6,001,204)
Net debt	324,167,365	387,057,199
Total equity	(233,581,826)	(163,148,650)
Total capital	90,585,539	223,908,549
Gearing ratio	357.86	207.16

Notes to the Financial Statements

For the year ended June 30, 2014

36 Number of employees	2014	2013
	Number	Number
Average number of employees for the year	628	708
Total number of employees at year end	498	758

37 Provident fund trust	Unit	2014	2013
-------------------------	------	------	------

The following information is based on latest audited financial statements of Provident Fund Trust.

Size of fund - total assets	Rupees	4,900,757	4,509,233
Cost of investments made	Rupees	195,820	195,820
Percentage of investments made	Percentage	4.00%	4.34%
Fair value of investment	Rupees	3,385,555	4,637,646

The breakup of fair value of investments is as follows:

	2014		2013	
	Rupees	Percentage	Rupees	Percentage
Shares in listed companies	2,420,680	71.50%	1,341,590	28.93%
Cash at bank	964,875	28.50%	3,296,056	71.07%
	<u>3,385,555</u>	<u>100.00%</u>	<u>4,637,646</u>	<u>100.00%</u>

The investments of the Provident Fund Trust are in compliance with the provision of section 227 of the Companies Ordinance, 1984 and the rules formulated for this purpose.

38 Plant capacity and production	2014	2013
	Number of spindles installed	16,320
Installed capacity converted into 20's count (Million Kgs.)	7.530	9.654
Actual production converted into 20's count (Million Kgs.)	4.350	5.736
Number of shifts worked	1,095	1,092
Days worked	364	364

38.1 It is difficult to describe precisely the production capacity in textile industry since it fluctuates widely depending on various factors such as count of yarn spun, spindle speed, twist per inch and raw material used etc. It would also vary according to the pattern of production adopted in a particular year.

39 Related party transactions	2014	2013
	Rupees	Rupees

The related parties comprise directors of the Company, key employees and provident fund trust. Details of transactions with related parties, other than those which have been specially disclosed elsewhere in these financial statements are as follows:

Sponsor's loan written off	80,240,000	
Provident fund contribution	456,182	445,721
